People from Politics and Economy at the CSI

Many important people from politics, business, and sport were seen at the traditional reception of the LONGINES CSI BASEL. Lukas Engelberger, representing the government of Basel, and Anton Lauber from the canton of Baseland both attended. This year, the organisers of CSI in Wiesbaden, Germany honoured the LONGINES CSI BASEL with a visit. The mayor of the town of Kandern, Dr. Christian Renkert came to the event, accompanied by his wife. The visits of such prominent and important people show that the event has gained in importance, not only in Switzerland, but on an international level.
