The LONGINES CSI BASEL continues to grow.

As in the years before, the 10th edition of the LONGINES CSI BASEL has been a great success, a very high-level competition with excellent participants. The medial and sportive level of the event has risen with the first world cup examination at the LONGINES CSI BASEL.

The spectators' interest has continued to rise as of this year: over the four tournament days, 23050 visitors have come to see the spectacle, with 6150 people on Sunday alone.

The organising committee is already looking forward to the 11th edition of the LONGINES CSI BASEL, which takes place from 9th - 12th January 2020.
